CALL FOR PAPERS

About the Conference

The primary objective of the first IEEE International Conference on Social and Sustainable Innovations in Technology and Engineering – SASI-ITE'24 is to bring together the Professionals, Researchers and Academicians around the globe with the intention of encouraging and transforming knowledge on Social and Sustainable innovations. This conference is a technical event for a world-class gathering of researchers from academia and industry, practitioners, and business leaders, providing a forum for discussing cutting-edge research, and directions for new innovation in business and technology. This conference is aligned with the conference theme Empowering Future with Versatile Technologies. This conference is technically co-sponsored by IEEE Vizag Bay Section

Call for Original Paper

Original contributions based on the results of research and developments are solicited. Prospective authors are requested to submit their papers in not more than 6 pages prepared in the two column IEEE format.

Papers for presentations should conform to the IEEE format and specifications. All submissions must be in English only. Authors are invited to submit full paper (Min 6 pages double-column US letter size) related but not limited to following topics as PDF using the IEEE templates.
